

New Pharmaceutical Technology and Engineering Institute Young Researcher Encouragement

Invitation to the 22nd Technology Conference – Complimentary Admission

The New Pharmaceutical Technology and Engineering Institute is pleased to offer complimentary invitations to the upcoming 22nd Technology Conference as part of our Young Researcher Encouragement initiative. With a focus on nurturing the next generation of professionals in pharmaceutical formulation and engineering, this program invites graduate and undergraduate students (as deemed suitable by their recommenders), as well as early-career researchers and engineers in the industry, to attend the conference. Participants will have the opportunity to hear lectures from world-renowned experts, engage in direct discussions, and connect with senior professionals working at the forefront of formulation technology. We also encourage young researchers to present their work at the poster session.

1. Event Details

- Date and Time: Thursday, July 24, 2025 – 13:00 to 16:30
Friday, July 25, 2025 – 9:30 to 16:40
- Venue: Auditorium, Shonan Health Innovation Park

2. Eligibility and Number of Invitees

Eligibility (as of July 24, 2025):

- Graduate students (Master's or Doctoral level, or equivalent)
- Undergraduate students involved in pharmaceutical research with appropriate recommendations
- Employees in their first or second year of working in the pharmaceutical industry

※Notes:

- Applications must include a recommendation from the applicant's academic advisor or company supervisor.
- Each laboratory or company may recommend up to two applicants.
- Those selected for this complimentary program will not be eligible to apply again in the future.

Number of Invitees: 15

10 for poster presentations

5 general attendees

If the number of applications exceeds the available spots, a selection committee will determine the final invitees.

3. Complimentary Invitation Details

Each selected participant will be reimbursed for actual expenses up to a maximum of 50,000 JPY, covering the following:

- Conference and networking event participation: Free of charge
- Transportation: Up to 40,000 JPY (round-trip estimate)
- Accommodation: Up to 10,000 JPY (one night, in principle)

Please Note: Reimbursement is provided after the event upon submission of receipts (e.g., for Shinkansen or express trains).

Please use public transportation; taxis are generally not accepted.

We kindly ask for your cooperation in minimizing costs (e.g., by choosing budget accommodation).

4. Poster Session

A poster exhibition area will be available adjacent to the conference venue, providing young

researchers with an opportunity to present their research. Those interested in participating should indicate this on the application form.

Exhibition Schedule:

July 24 (Thu): Registration opens at 12:00;
Poster viewing until 16:30; networking reception at 17:00
July 25 (Fri): Registration opens at 9:00
Poster viewing until 15:10

Please complete poster setup during registration hours on July 24. If traveling from a distance, please set upon arrival.

Poster Size: A0 (841 × 1189 mm)

5. Application Procedure

Please complete the application form, including the recommender's statement, and submit it by email or post to the Institute's Secretariat.

Attn: Ai Kobayashi
Secretariat, New Pharmaceutical Technology and Engineering Institute
5-5-5 Kitagawara, Itami-City, Hyogo Pref. 664-0837, Japan
Email: ai-kobayashi@sinseizai.com

※Download the application form from our website:

<https://sinseizai.com/>

QR code is also available for quick access to the website.

6. Application Deadline

Friday, June 27, 2025

7. Post-Event Report

Invitees are required to submit a participation report by the end of August, through their academic advisor or company supervisor, to the Secretariat of the New Pharmaceutical Technology and Engineering Institute.

- Approximately 400 characters in Japanese or equivalent in English, submitted in Word format
- Please include your name and affiliation
- A headshot photo (JPEG format) is also required

Reports may be published in the following:

- ◇ A planned publication by the Institute
- ◇ Academic journals (as event participation reports)
- ◇ The Institute's official website
